Dr. Arthur D. Eisenberg
The Council for Tobacco Research - USA, Inc.
900 Third Avenue
New York, NY 10022

Dear Arthur:

This letter is to acknowledge receipt of the contribution of \$1,000.00 from the Council for Tobacco Research to help with the costs of the IIIrd International Meeting on High Pressure Biology to be held 21-23 June at Duke University in Durham, NC. I have forwarded the check to Dr. Peter B. Bennett, who is managing the local arrangements for the meeting at Duke, so he can deposit the funds in a University account there. Funds will not be used to reimburse participants from the industrial sector. In fact, it seems best to use the funds primarily to meet costs of publishing the proceedings of the conference. The major planned publication will be in book form, and we would like to acknowledge the help of the Council in the forward to the book.

We thank the Council for assisting us and feel that the contribution will enhance information exchange in hyperbaric medicine and high pressure biology with resultant advances in research and knowledge.

Sincerely,

Bob Marquis

Robert E. Marquis
Professor of Microbiology & Immunology and of Dental Research
